Hello

This is my second activity.

The interview of The Perfect Famous Bad Guy.

- 1 When I was in high school, there was a very pretty teacher, she was the language teacher. One day I could not control myself and I gave him a compliment.
- 2 My first girlfriend was my cousin Maria; I was 13 years old. My parents were very upset with me. When I was 20 years old, I had another cousin as a girlfriend, this time it was my cousin Martha.
- 3 When I was in elementary school, I kissed a classmate girl for the first time, then in high school I did it several times.
- 4 When I was 15 years old I liked a neighbor very much, she was much older than me. I always liked older women.
- 5 I have been drunk many times at work. The last time I was drunk I was almost kicked out of the company. I like to drink a lot.

Thank you.
